

**Not everything
that counts can be
counted, and not
everything that
can be counted
counts.**

Albert Einstein

Dr. Gunnar Schomaker

Bridge the gap between digital society needs and sustainable growth rates

Sustainable & Business Efficiency
Innovative Housing for IT System
Cutting Edge Technology

What kind of innovation was made?

challenges and goals

- **sustainability** by synergy
- **demand driven** design/ architecture
- high **availability**, energy & network
- **short construction time**, fast upgrade
- **scalability, Independency** at in time
- flexible heterogeneous **energy density**
- same low energy price 4 all **max. 15 ct/kWh**

Which target group is addressed?

***digital transformation leads to grows rates
increasing IT-demands and energy pricing
SME, ISP, administration/ city councils***

- usefulness, value creation, competition
- requirements of IT systems
- requirements of services and applications
- space, availability, control, demand oriented

How does it look like?

Which products do we offer?

WindCORE
RACK

WindCORE
RACKs

individual
expansion

WindCORE
Exclusive

WindCORE
Distributed

demand driven
connectivity
