

Redundante Data Center Kopplung über dark fiber

Data Center 1

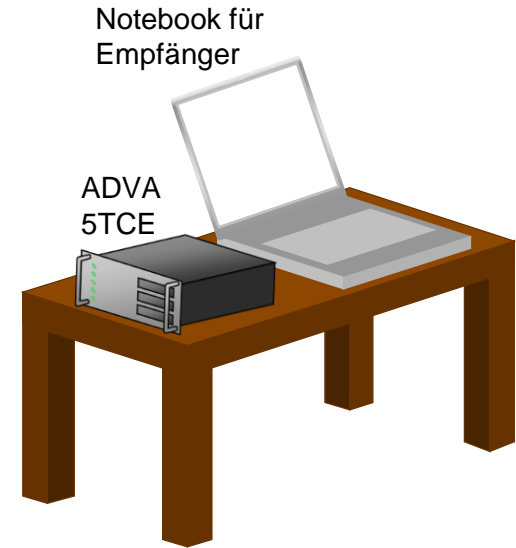

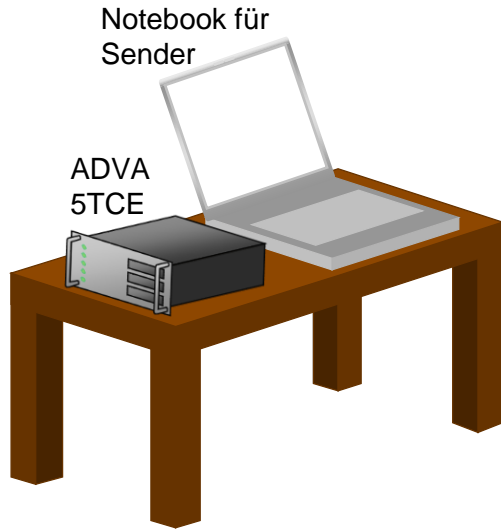

Data Center 2

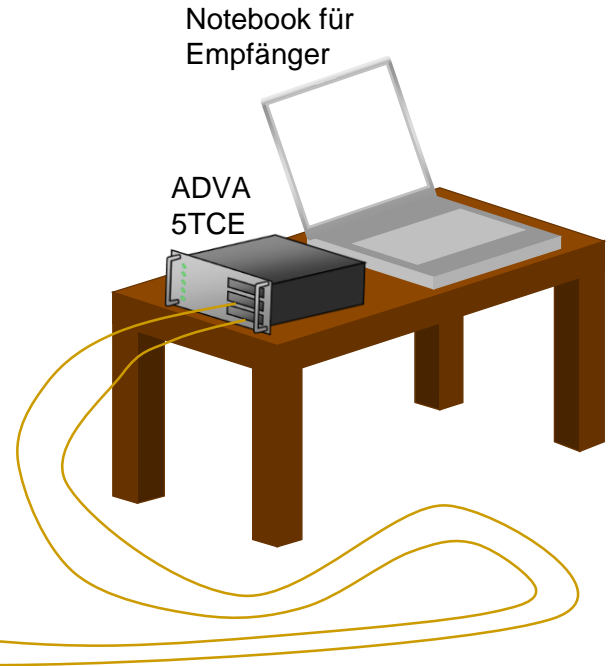

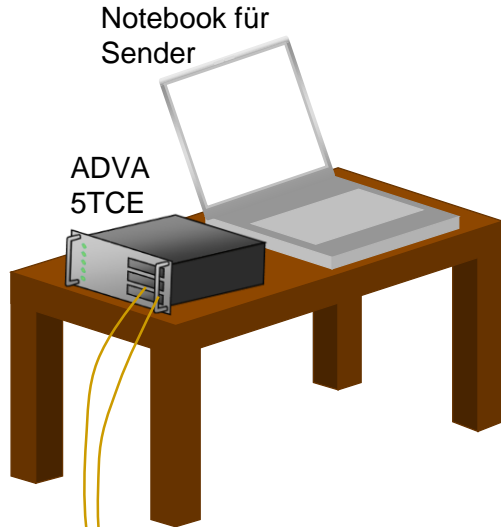

Live-Demo Aufbau für den Sender

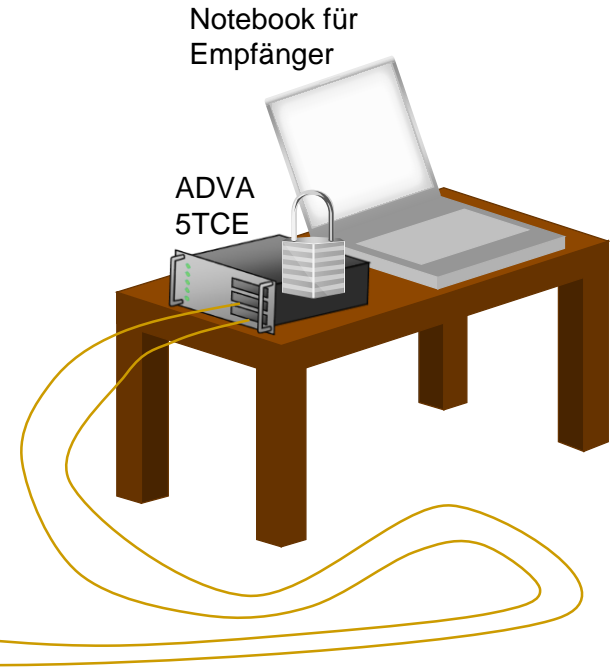

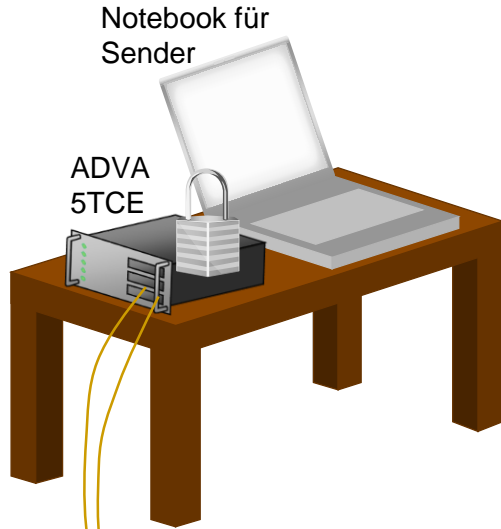

Live-Demo Aufbau für den Empfänger

Live-Demo Verlegung Glasfaser-Kabel

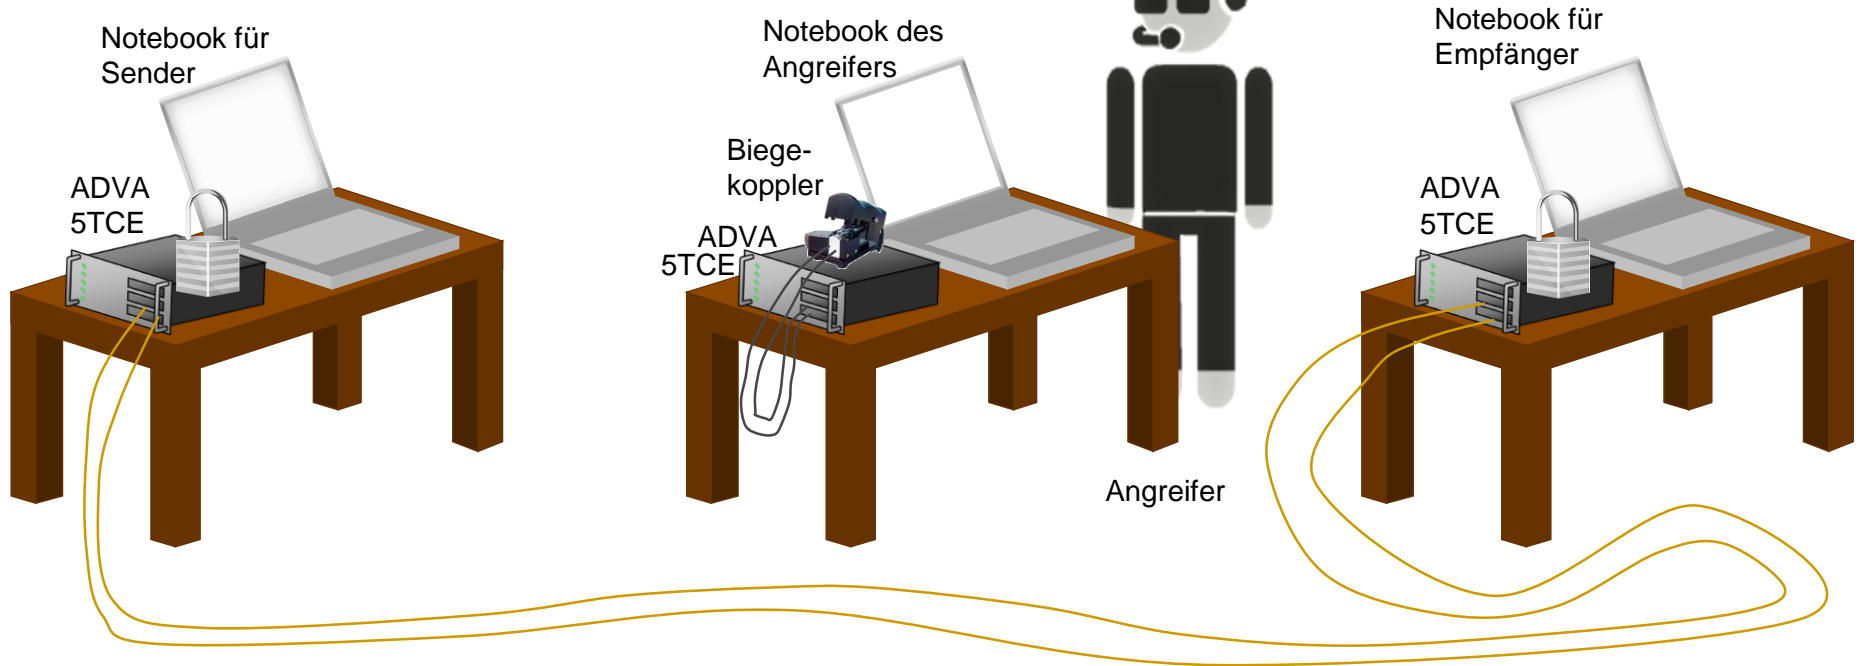

Live-Demo Verschlüsselte Video-Übertragung

Angreifer benötigt nur geringes Equipment

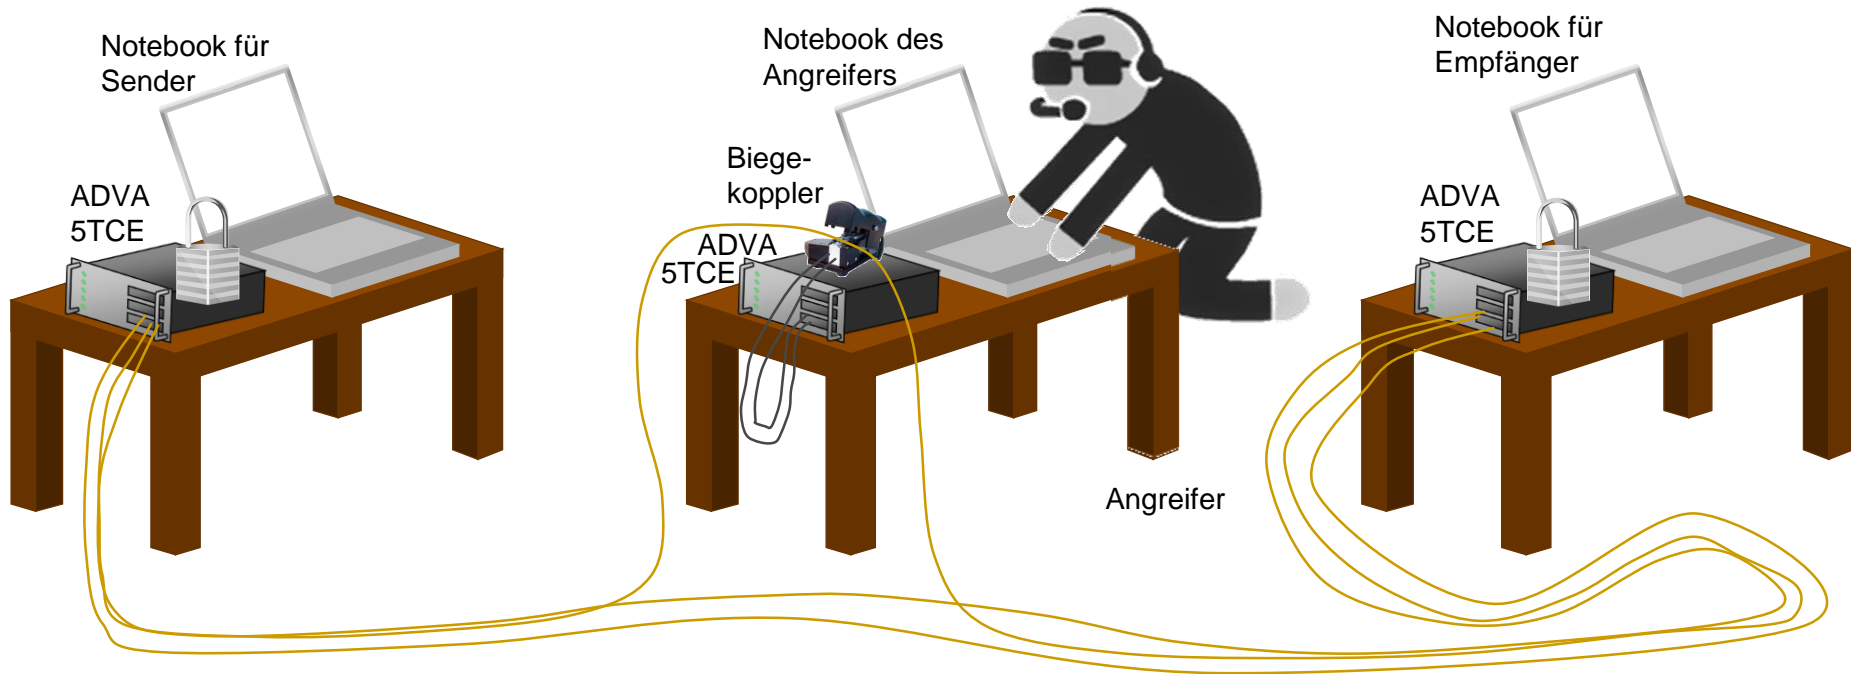

Live-Demo

Angreifer nutzt Biegekoppler,
um Daten aus Glasfaser mit zu lesen

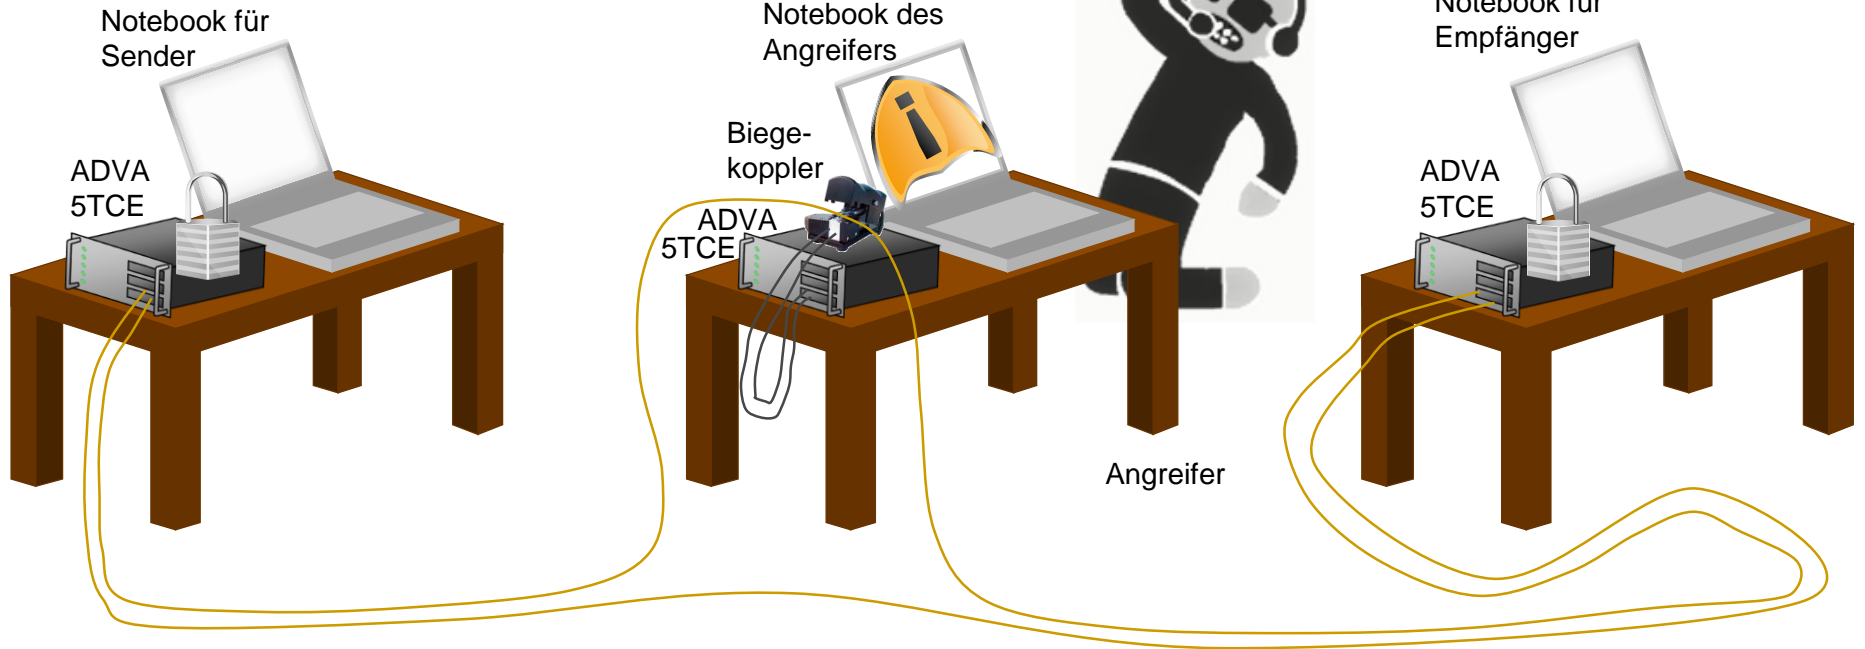

Live-Demo

dacoso
data communication solutions

Angreifer

kann verschlüsselte Daten nicht entschlüsseln

Ohne Verschlüsselung

kann Angreifer die Daten mitlesen
